The committee on resolutions, composed of Marian McMellan, J. W. McGee and Vernon James, presented the following report, which was unanimously adopted:

Third: We thank the people of Forsyth for the entertainment and hospitality extended to the association.

As the success of the rural school depends much upon the proper cooperation of parent, teacher and pupil, therefore, be it

Resolved: That we as teachers use our efforts to bring about this co-operation, and as the Parent-Teacher organization seems to be a step in the right direction we pledge ourselves to study the plan of this organization.

T. J. Davis of Tarkio, Mo., was a business visitor in Forsyth the first of the week.

The swing toward Republicanism in this year's elections was impressive and far-reaching. It affected not only the chief places on the ticket but it extended as well to the minor posts. For instance, in New York and in Connecticut, when mayors of cities were to be chosen, the Republican tide made made a practically clean sweep.

From the White House, on election night, came no comment on the results of this year's voting. The only statement forthcoming was that the President had gone to bed. As we recall, the stereotyped despatch from Fairview, Lincoln, Nebraska, on the election nights of 1896, 1900 and 1908, read: "Mr. Bryan retired early."
